

DIRECTIONS TO SUGAR BAKER'S FOX LAKE FARM INDOOR
Cross Country Ln. Southern Pines

NOTE: Even if your GPS says to, DO NOT take Tremont St. with truck and trailer to Sugar's! It is too rough and wet.

From Friendship Farm, take Youngs Rd. 1.4 miles towards Southern Pines to stop sign at N. May St. (note the Youngs Rd. curves to the right in last $\frac{1}{4}$ mile). Take left onto N. May and go .4 mile to the first stoplight at Connecticut St. Turn left and go 2.1 miles to Cross Country Ln. (dirt road with white gates) on left. Turn left and go .3 mile past Denali Farm, which is the first on the right to the next driveway on the right which has a lovely Fox Lake Farm sign and is the entrance we use. Go straight down the driveway. When the driveway curves left around the pond, do not take that but continue straight to the end and then turn left. You will pull up to the indoor, where they may be a trailer in front of you. Please be sure to leave enough room for them to load. You will be able to drive right out by turning left (after the single tree) and looping out the driveway you came in.

If you are coming by car to audit, please park by the horse trailers before you turn left to come to the indoor and walk down. It's too wet to park any closer.
